PERSONAL CALLS

Government telephones are provided for official use only and ARE NOT TO BE USED FOR MAKING PERSONAL CALLS (Use public telephones for personal calls).

TRANSFERRING CALLS

To transfer an incoming call from the public to another number depress the handset plunger for one second and release. Wait until the operator comes in on your line, then request the operator to transfer the call.

TIPS FOR BETTER TELEPHONE SERVICE

1. Government telephones are extremely busy in the afternoon between 2 p.m. and 5 p.m. Try to schedule important calls at other times during the day.

2. If you obtain information from an operator, record this information for future reference.

3. If the party you are calling is busy, leave your name and number and have the party return your call rather than "HOLD" the line. This will free the equipment for other calls.

4. Discourage prolonged conversations to relieve busy network conditions.

5. Attempt to answer all calls on the first ring. Give priority to the long-distance caller.

6. Do not use the commercial long-distance network. These calls greatly increase your agency's bill. Use the Federal Telecommunication System (FTS) and save the taxpayer's money.

7. Each local call prefixed by 9, except between Government Centrex, costs your agency between 6 & 8½¢.

SOLICITING, VENDING AND DEBT COLLECTION

Soliciting aims and contributions, commercial soliciting and vending of all kinds, displaying or distributing commercial advertising, or collecting private debts in or on GSA controlled property is prohibited. This includes the distribution of materials such as pamphlets, handbills, flyers, catalogs, etc., by departmental employees to co-workers for the sales of various commercial products to fellow employees.

THIS IS THE FIRST DEPARTMENT OF HEALTH AND HUMAN SERVICES TELEPHONE DIRECTORY. TO THE MAXIMUM EXTENT POSSIBLE, AT THE TIME OF THIS PRINTING, WE HAVE ENUMERATED ONLY THOSE ORGANIZATIONS AND INDIVIDUALS WHO COMPRISE THE NEW DEPARTMENT.

EMERGENCIES

FIRE

Fire alarm boxes are located on corridor walls of the buildings occupied by Department Headquarters offices. Each employee is expected to know the location of the alarm box nearest their office. If possible, after activating a fire alarm box, a report should also be made to the GSA Control Center at 472-1111 giving particulars. Fires can also be reported by calling the Control Center in the event an alarm box is not readily accessible.

BOMB THREATS

Should an HHS employee receive a telephonic bomb threat: an attempt should be made to determine the following information:

Exact words of the person placing the call.

The following details:

When is the bomb going to explode?
Where is the bomb right now?
What kind of bomb is it?
What does it look like?
Why did you place the bomb?

Note whether the caller had an accent or other speech characteristics.

Note the exact time call was received and time caller hung-up.

Immediately notify the GSA Control Center at 472-1111, furnishing all the information received from the caller.

Prepare a brief written report of the call before discussing the matter with other employees.

SUSPICIOUS PACKAGE

Should an employee discover a suspicious package, the GSA Control Center at 472-1111 and/or the HHS Division of Security and Protection at 245-6566 should be immediately notified.

Do not touch, move, or otherwise disturb the package in any manner.

EVACUATION PROCEDURES

Gongs, bells or public address systems are used to signal a building evacuation.

When an evacuation alarm is sounded employees should immediately take the following action:

Close all windows.

Turn off electrical appliances.

Secure all classified matter.

Use nearest stairwell to first floor and exit building. Take personal belongings such as coats and purses. Do not run but do not hesitate. Move as far away from the building as possible so as to avoid danger from possible falling glass or debris and so as not to interfere with firemen, rescue workers, etc.

Employees will be assisted by members of the Occupant Emergency Plan Organization who are posted in corridors, stairway entrances, exits, etc. They are identified by a red badge. Their instructions should be followed.

Elevators or escalators are not to be used except by the fire department or members of the Wardens Organization or by handicapped or injured persons accompanied by a fireman or warden. All handicapped persons should notify their floor wardens of their office location so that assistance can be provided in evacuating the building.

FEDERAL TELECOMMUNICATIONS SYSTEM (FTS) INSTRUCTIONS

I. GENERAL

The FTS Telephone Users Guide is written to assist users nationwide. Some of the instructions do not apply to the D.C. metropolitan area. Accordingly, the instructions provided below will supplement the Users Guide and reflect the informational procedures for FTS users in the D.C. area.

II. WHEN TO USE THE FTS

The FTS shall be used by federal employees to make official long distance calls to Government and non-Government telephones across the conterminous United States, and on a limited basis, to Alaska, Hawaii, Puerto Rico, the U.S. Virgin Islands and Canada.

FTS calls placed during non-peak hours of the day help relieve strain on the system. The best hours to call are before 9 a.m., from 12 noon to 1 p.m., or after 4 p.m., depending on the time zone of the number you are dialing.

III. FTS CALLING PROCEDURES

Procedures for using the FTS Network to make a telephone call depend upon: (1) the location of the caller; (2) the location of the party called; and (3) whether or not the telephones of the caller and the person called are part of the FTS telephone network. The following instructions illustrate how to make different types of FTS calls.

FROM AN FTS TELEPHONE TO AN FTS TELEPHONE (ON-NET TO ON-NET)

—To call from one FTS telephone to another FTS telephone, dial the FTS access code "8" and the seven digit telephone number.

Example: You want to call an FTS telephone in Ann Arbor, Michigan.

	Access Code	FTS Tel. No.
Dial:	8	123-4567

FROM AN FTS TELEPHONE TO A NON-FTS TELEPHONE (ON-NET TO OFF-NET)

—To place on-net to off-net calls, dial the FTS access code "8" and the 10 digit commercial telephone number.

Example: You want to call 123-4567, a non-government telephone in Fort Worth, Texas.

	Access Code	Area Code	Tel. No.
Dial:	8	817	123-4567

FROM A NON-FTS TELEPHONE TO AN FTS TELEPHONE (OFF-NET TO ON-NET)

—Washington, D.C. metropolitan area users may place essential official Government calls from commercial telephones by using the following procedure:

1. Obtain the correct FTS number you wish to call
2. Dial the local FTS operator, 554-2050
3. When you reach the operator, give your name, agency FTS identification symbol and the FTS telephone number you are calling.

CALLS OUTSIDE THE CONTERMINOUS U.S. FROM AN FTS TELEPHONE

FTS service is available on a limited basis to and from Alaska, Hawaii, Puerto Rico, the U.S. Virgin Islands and Canada for FTS users authorized by their agencies to place such calls.

A. CALLS TO ALASKA

Dial the Seattle FTS operator, 8-399-0150. Furnish the operator your name, agency FTS identification symbol and the telephone number you are calling.

B. CALLS TO ISLAND OF OAHU, HAWAII

Dial the San Francisco FTS operator, 8-556-0220. Furnish the operator your name, agency FTS identification symbol and the telephone number you are calling.

C. CALLS TO PUERTO RICO & THE U.S. VIRGIN ISLANDS

Dial the Washington, D.C. FTS operator on 472-6620. Furnish the operator your name, agency FTS identification symbol and the number you are calling.

D. CALLS TO CANADA

Calls may be placed to Canada by dialing the associated FTS gateway switchboard, provided the equivalent commercial toll rate between your telephone and the gateway switchboard location is $1 or more for the first three minutes.

Furnish the FTS gateway operator your FTS telephone number and provide the commercial long distance operator with the number you are calling and your telephone number to which the call should be billed.

Canadian Area Code	FTS Gateway Switchboard	FTS Number
506,709,902	Portland, ME	833-3131
418,514,819	Burlington, VT	832-6501
613	Syracuse, NY	950-5111
416,705	Buffalo, NY	437-4411
519	Detroit, MI	226-6000
807	Duluth, MN	783-9692
204	Fargo, ND	783-5771
306,402	Helena, MT	585-5011
604	Seattle, WA	399-0111

IV. DATA ON THE FTS

Consult the Telecommunications Management Official for your agency to obtain prior approval before using the FTS for transmission of data. This includes facsimile and any terminals which are to be acoustically coupled to the FTS. Agencies are required to report data usage on the FTS to GSA quarterly. Usage of the FTS for data transmission after duty hours (7 p.m. to 7 a.m.) and on weekends and holidays is provided without additional charge, assuming FTS service is already available and approval has been granted.

V. FTS INFORMATION

If you do not know the FTS telephone number of the party you want to call, dial your FTS access code "8" and the seven digit number for FTS information and assistance in the city you want to call. The FTS operator will supply you with the correct FTS telephone number to dial.

VI. COMMERCIAL INFORMATION

FTS operators do not supply commercial or non-FTS telephone information. If you do not know a commercial telephone number, dial your commercial access code "9," the area code for the city you wish to call, and 555-1212. This will connect you with the commercial information operator, a service provided by the telephone company at no charge. After obtaining the correct commercial number, hang up and use the FTS to place your call.

VII. REPORTING FTS TROUBLES

To help maintain service on the FTS, users should immediately report any trouble with FTS service. Call the local FTS operator "0" and be prepared to supply the following information:

1. Your FTS telephone number, agency and location;
2. The telephone number and location of the dialed telephone;
3. Brief description of the trouble encountered, such as "noise," "echo," or "cut-off."

VIII. FTS CONFERENCE SERVICE

Conference service is available to telephones connected to the FTS within the conterminous 48 states. Up to 28 intercity telephones may be connected to a conference call. A Conference Control Center, located in Washington, D.C., FTS number 245-3333, maintains all necessary conference control records and is the point of contact for all FTS subscribers using the conference facilities.

Conference calls with 2 to 4 distant parties, minimum 30 minute notice – 472-1208.

Conference calls should be scheduled as early as possible, but not less than three hours in advance of the desired time. The conference originator should call the Conference Control Center to verify the availability of the desired time and provide the following information:

1. Originator's name, agency and agency FTS identification symbol.
2. Date and time period for proposed conference.
3. Name, location, and FTS telephone number of each participant.

The Conference originator is responsible for informing all participants of the date and time period of the conference.

The nationwide conference facility is offered at a minimum charge as specified in the current GSA FPMR Bulletin. Further information can be obtained by calling the Conference Control Center.

IX. EMERGENCY PROCEDURES

Although the telephone is one of the basic tools for conducting official business, telephone systems are not engineered to provide simultaneous service to all telephones in the same area. To minimize possible disruption to the orderly processes of government and to ensure that outgoing calls can be made by those officials involved with an emergency, each government employee must forego or drastically limit use of the telephone during an emergency condition.

When an essential call must be made during an emergency, the caller should strive to be as brief as possible in completing the conversation. Official business unrelated to the emergency should be delayed until demands on telephone facilities have subsided, or should be conducted by alternate means of communications.

Reduction of telephone usage during emergency conditions is the responsibility of each individual.

TIMELY TELEPHONE TIPS

Centrex Service

All government agencies in the Washington, D.C. area are being converted on a phased basis to the Centrex telephone service. DHHS and most other agencies are now on Centrex.

Dial only the five-digit extension number to call agencies which are on the same dialing zone. There are some agencies which are on the 655-4000 switchboard but are in other Dialing zones, and it is necessary to dial 9 plus the seven-digit number to reach these agencies. Dial 100 for information on agencies served by the 655-4000 switchboard.

Interdepartmental Dial System (IDS): Has Been Discontinued.
